

## BIP39 Seed Phrase Paper Backup

⚠ TEMPORARY BACKUP ONLY - TRANSFER TO STEEL. Paper burns, fades, tears, and dissolves in water. As soon as you've verified these words are correct, copy them onto a fireproof, waterproof steel backup.

⚠ NEVER DIGITIZE THIS PAGE. Do not photograph, scan, or type these words into any phone, computer, or cloud service.

Part of a multisig setup?

☐ No ☐ Yes — Quorum: \_\_\_\_\_ of \_\_\_\_\_

⚠ If part of a multisig: also store your wallet descriptor. Your individual seeds alone are not enough to restore a multisig wallet, the descriptor records how they combine.

### Seed Words

|     |  |     |  |
|-----|--|-----|--|
| #1  |  | #13 |  |
| #2  |  | #14 |  |
| #3  |  | #15 |  |
| #4  |  | #16 |  |
| #5  |  | #17 |  |
| #6  |  | #18 |  |
| #7  |  | #19 |  |
| #8  |  | #20 |  |
| #9  |  | #21 |  |
| #10 |  | #22 |  |
| #11 |  | #23 |  |
| #12 |  | #24 |  |

### WALLET DETAILS

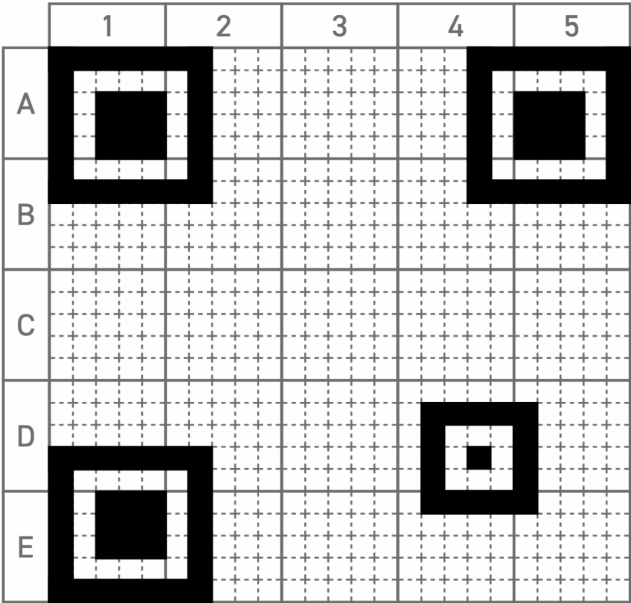

|                    |  |                             |  |
|--------------------|--|-----------------------------|--|
| Master fingerprint |  | H.W or software wallet used |  |
| Derivation path    |  | Firmware version            |  |
| Script type        |  | Device serial no.           |  |

### NOTES ON SEED GENERATION

|                 |                                                              |
|-----------------|--------------------------------------------------------------|
| Generated with: | <input type="checkbox"/> Hardware wallet entropy (TRNG)      |
|                 | <input type="checkbox"/> User entropy (dice roll or similar) |
